

## DISCIPLESHIP & COMMITMENT

Making a commitment to become a disciple of Jesus Christ has got to be the greatest decision a person could ever make, and the one that potentially has eternal rewards and consequences for the individual, as well as all those he/she may ever come in contact with. After the decision is made to become such a disciple, the person must now learn exactly what that means, and what God expects and desires for his/her life. In order to accomplish this learning, God places faithful men and women of God in the committed disciple's path. Dr. Eddie B is such a man of God.

Dr. Eddie B has taken the call of God on his life to new heights, reaching people for Jesus through his music, preaching and books. His latest publication, "Discipleship & Commitment," focuses on guiding the willing child of God on a path toward becoming a true disciple of Jesus Christ. He details the decision-making process, including the benefits of that decision, how and where to reach others for Jesus, and how to follow the Word of God in all aspects of the disciple's life. This book can be invaluable to anyone committed to becoming a lifelong disciple of Jesus.
